About JFrog

JFrog is on a mission to be the company powering all of the world's software updates, driven by a "Liquid Software" vision to allow the seamless, secure flow of binaries from developers to the edge. The company's end-to-end DevOps platform – the JFrog Platform - provides the tools and visibility required by modern organizations to solve today's challenges across critical pieces of the DevOps cycle. JFrog's hybrid, universal, multi-cloud DevOps platform is available as both self-managed and SaaS services on a number of cloud service provider platforms. JFrog is trusted by millions of users and thousands of customers, including a majority of the Fortune 100 companies that depend on JFrog solutions to manage their mission-critical software delivery pipelines.
